

Infosafe No™ 5GF8W	Issue Date : July 2020	Status : ISSUED
--------------------	------------------------	-----------------

 Product Name **Fruit & Balance**

Not classified as hazardous

1. Identification

GHS Product Identifier	Fruit & Balance
Company Name	BioAg Pty Ltd (ABN 58 086 880 211)
Address	22-26 Twynam Street Narrandera NSW 2700 Australia
Telephone/Fax Number	Tel: +61 2 6958 9911 Fax: +61 2 6959 9922
Emergency phone number	+61 428 640 070 (All Hours)
E-mail Address	sales@bioag.com.au
Recommended use of the chemical and restrictions on use	For use as a foliar fertilising agent, suitable for use in agriculture/horticulture.

2. Hazard Identification

GHS classification of the substance/mixture	Not classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) including Work, Health and Safety Regulations, Australia. Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)
--	---

3. Composition/information on ingredients

Ingredients	Name	CAS	Proportion
	Phosphoric acid	7664-38-2	0-5 %
	Ingredients determined to be non-hazardous at the formulation concentration		to 100%

4. First-aid measures

First Aid Measures	Non-hazardous material. If experiencing persistent irritation, seek medical advice from a physician or contact a Poisons Information Centre (Phone eg. Australia 131 126; New Zealand 0800 764 766).
Inhalation	Do not intentionally breathe vapours. Remove patient to fresh air. Inhalation risks not expected to occur. If breathing is difficult, give oxygen and seek medical advice.
Ingestion	Rinse mouth with water. Do NOT induce vomiting. If swallowed, drink water. If vomiting occurs, give further water. Seek medical advice.
Skin	Remove contaminated clothing and wash affected area thoroughly with soap and water. Obtain medical attention if irritation occurs and persists.
Eye contact	Immediately flush eyes with plenty of water for 10 - 15 minutes. Keep eyes wide open while flushing. In all cases of eye contamination it is a sensible precaution to seek medical attention.
Advice to Doctor	Treat symptomatically. Show this SDS to the medical practitioner.

5. Fire-fighting measures

Suitable extinguishing media	Use extinguishing media suitable to surrounding conditions.
Special Protective Equipment for fire fighters	No fire or explosion hazards exist. Cool exposed containers with water spray to maintain container integrity. If container integrity is breached then self-contained breathing and protective clothing may be necessary.
Specific hazards arising from the chemical	Non-flammable. Non-combustible. Non-explosive.

6. Accidental release measures

Infosafe No™ 5GF8W	Issue Date : July 2020	Status : ISSUED
--------------------	------------------------	-----------------

 Product Name **Fruit & Balance**

Not classified as hazardous

Emergency Procedures	Wear suitable personal protective equipment (PPE) as detailed in section 8 of this SDS.
Spills & Disposal	Recover spilt product as soon as possible and store appropriately. Absorb remaining product in sand, earth or vermiculite. For disposal options see Section 13 of this SDS.

7. Handling and storage

Precautions for Safe Handling	Use personal protective equipment as specified in section 8. When handling do not eat, drink or smoke. Wash hands thoroughly after handling product and maintain good personal hygiene throughout handling operations.
Conditions for safe storage, including any incompatibilities	Store in a cool, dry, well ventilated place and out of direct sunlight. Keep containers closed when not in use - check regularly for leaks or build up of pressure. Store separate to other farm chemicals; e.g. insecticides, fungicides and herbicides.

8. Exposure controls/personal protection

Occupational exposure limit values	No value assigned for this specific material by Safe Work Australia. Phosphoric Acid (ingredient) TWA = 1mg/m ³ , STEL = 3mg/m ³ .
Appropriate engineering controls	Material can have strong odour. Avoid inhalation and ensure adequate ventilation when using the product.
Respiratory Protection	No respiratory protection required during normal handling.
Eye Protection	Safety glasses may be considered.
Hand Protection	Chemical resistant gloves may be considered.
Personal Protective Equipment	The selection of personal protective equipment (PPE) should be based on a risk assessment, including the quantity of product being handled, the work environment in which it is being undertaken and the level of exposure. Normal work clothing may suffice during transfer operations in the field.

9. Physical and chemical properties

Form	Liquid
Appearance	Brown liquid
Odour	Rich, sweet aroma
Boiling Point	100 C
Solubility in Water	Soluble
Specific Gravity	1.22
pH	0.9
Flammability	Non-flammable

10. Stability and reactivity

Chemical Stability	Product considered stable under normal conditions of use. Product is stable for at least 12 months when stored under normal conditions.
Conditions to Avoid	Avoid exposure to heat and prolonged high temperatures. Avoid storing above 30 C as product may decompose.
Incompatible Materials	Contact with sulphites and chlorine containing materials liberates toxic gas.
Hazardous Polymerization	Will not occur

11. Toxicological Information

Toxicology Information	No adverse health effects are expected under normal conditions of use. Symptoms and effects that may arise if the product is mishandled and overexposure occur are listed below.
Acute Toxicity - Oral	No LD50 data available for this product.

Infosafe No™ 5GF8W	Issue Date : July 2020	Status : ISSUED
--------------------	------------------------	-----------------

Product Name **Fruit & Balance**

Not classified as hazardous

Ingestion	Ingestion of significant amounts may cause nausea, vomiting and discomfort.
Inhalation	Non-harmful by inhalation.
Skin	Mildly irritating to skin.
Eye	May be irritating to eyes.
Chronic Effects	No data supplied.

12. Ecological information

Ecotoxicity	No information available.
Persistence and degradability	Will degrade quickly in contact with soil.
Bioaccumulative Potential	Product is not expected to bioaccumulate.

13. Disposal considerations

Product Disposal	Ideally, the product should be used for its intended purpose. Beneficial reuse is the preferred disposal option. If the product is contaminated with soil, or other non-harmful substances and it can be satisfactorily applied, use it as intended. If contaminated with other materials, e.g. fuel, oil or other chemicals, the waste must be disposed of in accordance with all applicable national, state and local regulations. When possible, packaging/containers should be rinsed with clean water and disposed of in line with local regulations. Contact appropriate waste management authority for advice.
-------------------------	---

14. Transport information

Transport Information	Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.
------------------------------	--

15. Regulatory information

Regulatory Information	Classified as non-hazardous. Substance is subject to any prohibitions or restrictions in the country or region where it is being shipped.
Poisons Schedule	Not Scheduled
AICS (Australia)	All of the components in this product are listed on the Australian Inventory of Chemical Substances.

16. Other Information

Date of preparation or last revision of SDS	July 2020
--	-----------

Other Information	<p>DO NOT MIX WITH OTHER CHEMICALS WITHOUT PRIOR CONSULTATION WITH THE MANUFACTURER.</p> <p>Always use product as directed. Never return any unused material to original drum.</p> <p>The information sourced for the preparation of this document was correct and complete at the time of writing to the best of the writers knowledge. The document represents the commitment to the company's responsibilities surrounding the supply of this product, undertaken in good faith. This document should be taken as a safety guide for the product and its recommended uses but is in no way an absolute authority. Please consult the relevant legislation and regulations governing the use and storage of this type of product.</p> <p>...End Of MSDS...</p>
