ANALYSIS:

Potassium Humate	13% w/v	Sodium	<0.05% w/v
Total Potassium	>1.5% w/v	pH	10
Organic Carbon	>1.5% w/v		

ABOUT HYDRAHUME:

HydraHume provides an organic solution for building soil humus. Increasing soil humus provides a range of benefits:

- > Builds soil carbon
- > Increases soil microbial activity and fertility
- > Improves soil nutrient and moisture holding capacity
- > Promotes plant growth and root mass

CONDITIONS OF SALE:

The product has a limited shelf life and must be stored in accordance with the storage and handling directions to preserve shelf life. Failure to store correctly or use after the expiry of shelf life is a breach of the conditions of sale. As BioAg cannot exercise control over storage, handling, and the exercise of personal judgment, skill and expertise in the mixing, application or use, or weather, or animal condition before, during or after application, all of which may affect the performance of the product, BioAg, to the maximum extent permitted by law, will not accept any liability for any failure in performance of the product, or any losses or damages whatsoever.

Except as expressly provided in these Conditions of Sale, no warranty, condition, undertaking or term, express or implied, statutory or otherwise, as to the quality or fitness for purpose of the goods is given or assumed by BioAg and all such conditions, warranties and liabilities (including liability as to negligence) express or implied relating to the goods are hereby excluded to the extent permitted by law. To the extent that liability can be shown (under law) it is limited to the replacement of goods or their equivalent monetary value only.
